

Welcome to Navarino Nature Center and Navarino Wildlife Area!

List order follows the popular Peterson Guides. Page numbers (After **Families.**) are from his *Guide to Eastern and Central North America*, 5th Ed., 2002.

* **BB** refers to months, by number, which are your **Best Bet** for finding a particular bird.

^ **Caret** indicates birds on Wisconsin's Threatened or Endangered Species List.

Italicized species are likely or confirmed breeders in the wildlife area.

- Field Checklist - 101 Most Common Birds of Navarino Wildlife Area

Osprey^ – A regular breeder in NWA.

Of the 245 species of birds seen in the wildlife area over the past 25 years these 101 are, generally speaking, the easiest to find.

We truly hope you will take some time to look and listen for the birds here – and that you will thoroughly enjoy the experience!
